## News from the Nurse

Hello Y'all!

*We are having a pretty good autumn here in the health office.*

*Parents are submitting shot records and physicals.*

*We are not seeing TOO many infectious diseases.*

*Definitely keep up with the good handwashing and the use of hand sanitizer. You will see me occasionally use a face mask. I don't want to be sick! To remain healthy for the winter consider getting a flu shot.*

*I look forward to seeing Halloween trick or treaters. I hope I don't eat too much chocolate!*

♥ Nurse Michele

### Seasonal Suggestions

#### Halloween Safety!

It is everyone's favorite time of year to run amok. Amok, amok, amok! (who else is excited for Hocus Pocus 2?!?) That makes it even more necessary for you to make sure you're as safe as possible while you're out and about!

Weather you're a ghost, a ghoul, a video game character, a princess, or a superhero everyone needs to follow basic trick or treating safety rules to keep the evening fun for everyone!

- ★ Stay with your parents or other adult or group at all times so you are not lost or alone.
- ★ Wear footwear that will keep your feet warm and dry if necessary as well as comfortable for all the walking you'll be doing! More walking = more candy on halloween!
- ★ Make sure an adult checks your candy before you eat it and make sure you always only eat a few pieces at a time, too much sugar can upset your belly and is bad for your teeth!

### Common HSA Terms

**HSA:** The Home School Association is Hoover Elementary's parent / school organization. We work together with faculty and staff to ensure our students have the best school experience possible! We raise funds for field trips, PBIS incentives, and school activities.

**No Cost Fundraiser:** A way that the HSA can raise money without families having to spend any additional money out of their own pockets. We currently use AmazonSmile, collect Dash's receipts and always accept donation of your cans and bottles at Xtra Dime Back.

**Chairperson:** Chairperson duties will vary from activity to activity but generally the chairperson will be a point person for a task, activity, or part of an event. This person will delegate tasks to other volunteers when necessary and help to coordinate details. Chairpersons are always supported by the HSA board and never left to fend for themselves with a task.

**Room Parent:** Room parents are the point of contact for a particular classroom. They attend the monthly HSA meetings and report any pertinent information back to classroom parents and the classroom teacher. Tasks can vary slightly depending on the teacher and roles are defined when room parents contact classroom teachers in the beginning of the year. Room parents often coordinate teacher gifts at various times through the year and volunteer when needed/allowed in the classroom for special events.
